### Projects

09/2021 – present	<b>CHIESI, Pharama ( Epsilon,Bangalore)</b> <ul style="list-style-type: none"><li>• Creating reusable components using front-end framework called Pattern lab with React &amp; mustache engine and using same components for 12+ websites.</li><li>• Following Atomic design concept to create components where every element of the component can be reused across the project/sites with easy handling of component variations.</li><li>• Created shared JavaScript component library with utility functions/methods which can be re-used in any sub brand, and it can be customized using optional parameters of the method as per brand need.</li><li>• Effectively communicating blockers/clarifications with onsite/delivery team on daily basis</li><li>• Worked on SEO &amp; Accessibility (AA) issues by following best practices and schematic elements</li><li>• Integrating the components with Crown peak (CMS) with help of CMS developers which is driven by .net, c</li></ul>
-------------------	---

06/2022 - present

### **CORAL Racing, Sports (Epsilon ,Bangalore)**

- Managed the project as a single front-end resource & implemented complex slider functions using slick js
- Created pure CSS slider since client does not want to enable the JavaScript for some security issues
- Re-designed the website with Bootstrap, SCSS & JavaScript with clean user experience and mobile first approach

09/2021 - 04/2022

### **HORIZON, pharma (Epsilon ,Bangalore)**

- Developed landing pages, reward pages and login pages for the rewards and redeems
- Involved in design discussions with UX team/Onsite team to make the design consistent with parent website
- Created email templates for promotions and offers
- Converted the old non-responsive website to responsive website with mobile first approach. Used Bootstrap, CSS and jQuery as key skills
